Distribution fees support networks or pipelines that move energy around the communities to your home or business where it will be used.

**Balancing Pool Allocation** allocates the costs or benefits of power purchase agreements (PPA) to rate payers.

**Rate Riders** are temporary charges that are approved by the regulator to compensate for difference between the actual cost of electricity or natural gas and the initially approved rate.

**Local Access / Municipal Franchise Fee** is charged on behalf of the local municipality for electricity or natural gas equipment on municipal land.

#### Federal Carbon Tax

**Federal Carbon Tax** is applied to your natural gas use. For more information on the carbon tax and rebates available, visit the Government of Canada website.

#### Municipal Services

Rates are set by the municipality in your area. Revenue is collected on the municipality's behalf.
