### UNDERSTANDING YOUR BILL

#### Energy Charges

**Energy Charge** is the cost of energy you have used in a billing period. The charge is expressed in dollars per kilowatt-hour (\$/kWh) for electricity and in dollars per gigajoule (\$/GJ) for natural gas.

#### Delivery System

**Transmission Charge** pays for upgrades and maintenance for the wires and infrastructure that moves electricity from generation facilities to the Alberta communities where it's used.

**Electricity Distribution and Gas Delivery Charge** is the cost related to building and maintaining the distribution system as well as general utility operations. Distribution fees support networks or pipelines that move energy around the communities to your home or business where it will be used.

**Balancing Pool Allocation** allocates the costs or benefits of power purchase agreements (PPA) to rate payers.

**Rate Riders** are temporary charges that are approved by the regulator to compensate for difference between the actual cost of electricity or natural gas and the initially approved rate.

**Local Access / Municipal Franchise Fee** is charged on behalf of the local municipality for electricity or natural gas equipment on municipal land.

#### Federal Carbon Tax

**Federal Carbon Tax** is applied to your natural gas use. For more information on the carbon tax and rebates available, visit the Government of Canada website.

#### Municipal Services

Rates are set by the municipality in your area. Revenue is collected on the municipality's behalf.

**Water charges** pays for the cost of treating and delivering drinking water.

**Wastewater charges** pays for the cost of collecting and treating wastewater.

**Stormwater charges** pays for the cost to ensure reliable street drainage, flood protection and river health.

**Waste and Recycling charges** pays for the collection of garbage, and the collection and processing of recycling as well as food and yard waste.

#### Other Fees

**Administration Charge** is the cost to provide billing, procurement, and customer service.

**Transaction Fee** helps offset the costs to purchase energy.
